Expert Care FOR YOUR SKIN

The WDC dermatologists: (l to r)
Barbara L. Einhorn, MD;
Leslie A. Glass, MD;
Sara A. Mills, MD, PhD

The dermatologists of Western Dermatology Consultants help you keep your skin healthy and vibrant.

Western Dermatology Consultants offers the best in medical and cosmetic skin care, as well as fat and hair removal treatments. Board-certified dermatologists Dr. Barbara Einhorn, Dr. Leslie Glass, and Dr. Sara Mills provide services to help patients maintain beautiful, healthy skin year-round.

Are you at risk?

Have you or do you live in an area of high UV exposure? As a child, did you incur any serious sunburns? Are you fair-skinned with light hair, freckles, and light eyes? Have you ever used a tanning bed? If you answered yes to any of these questions, you may be at increased risk of developing skin cancer. But remember, darker-complected individuals and those who tan easily can also develop skin cancer.

Get checked!

If you have never had a skin check, now is the perfect time. Just as it is recommended to have a yearly general physical exam, it is also recommended to have a yearly skin check.

During this exam, your dermatologist will look for any suspicious lesions, such as atypical moles and skin cancers. If any concerning lesions are found, recommendations are made regarding biopsy and/or removal. Your doctor can also review your sun-protective regimen to ensure that you are doing all that you can to protect your skin from damaging UV rays. It is important to understand that a suntan is actually sun damage to the skin and, if nothing else, it will prematurely age the skin.

So, make an appointment to see a dermatologist today. Your skin will thank you for keeping it healthy, happy, and glowing! Who better to care for your skin than a dermatologist?

This full-service medical spa offers the newest and safest techniques for beautiful skin and body rejuvenation.

Thermage® is a noninvasive method to tighten loose skin. Radiofrequency (RF) energy uniformly heats the dermis while cooling and protecting the epidermis. It causes immediate collagen contraction, followed by new collagen production that occurs over a period of time.

Clear + Brilliant® is a gentle and noninvasive anti-aging laser treatment that can improve tone and texture of skin, creating a radiant, youthful glow.

Isolaz® is a unique acne therapy that combines vacuum and painless broadband light to deep clean and purify pores from the inside out. It can provide long-lasting results—without oral or topical medications—for all skin types.

Call the Spa at 505-855-9267 to schedule a consultation.
